SAC. SAVAGES BEAT MACHINISTS, 16 TO 11; GAME POORLY PLAYED

Machinists Perform With Patched up Lineup; Schedule of Games to Close of Series; Close Finish Assured.

Over two hundred rooters saw the Sac. Savages defeat the Machinists in a poorly played game yesterday afternoon. The Machinists played with a patched up team and, as a result, the regular line-up was all shot to pieces. The infield did fairly well but the outfield was awful.

This makes four games won and three lost for the Savages and two won and seven lost for the Machinists. The detailed score tells the sorry story as follows:

Sacramento Savages	AB	R	H	PO	A	E
Taber, rf	4	1	0	0	1	1
Crane, lf	3	2	1	1	1	1
P. Robinson, p	3	2	0	0	6	0

'THE STOPE' ASSURES MODERN PLAYHOUSE; OPENS NOVEMBER 6

Splendid Moving Picture House and Dance Hall in Lowell Will Be Under Direction of J. L. Frazier; Modern Accessories.

A new amusement house, combining all that is best in the art of entertaining the public, is being erected in Lowell. "The Stope" is the name of the new enterprise and it is being erected on the site of the old Palace stables, the old structure being converted into an amusement house up-to-the-minute in every detail.

The chief attraction of the new house, for the present, will be a strictly modern dance hall, containing all the features characteristic of the halls of the larger cities. There will be a stage of large proportions thoroughly equipped for handling road shows, both dramatic and musical comedies. Ample facilities will include accommodations for vaudeville of the very latest type.

When used exclusively as a theatre "The Stope" will comfortably seat 1200 patrons, while 300 couples may enjoy the variations of the dance to the limit. Used jointly as a picture house and dance hall, "The Stope" will readily accommodate 500 watchers of the screen while 100 couples are enjoying the charm of the dance.

J. L. Frazier will superintend the completion and final arrangement of "The Stope" and, for a time at least, will act as personal manager of the house. This fact alone assures splendid attention to the wants of the refined patrons who will visit "The Stope."

Perfect ventilation and comfortable heating advantages are to be splendid features of the new house.

November 6 is the day on which "The Stope" will, in all probability, be opened to the public. A grand opening bill will be the exclusive opening feature. On the following night, Sunday, "The Stope" will present an all-feature moving picture program, title and brand to be announced later.

An orchestra composed of specially selected musicians will be a delightful feature which, in itself, will furnish an impelling appeal to many. A lady of high standing in the social life of the Warren District has been selected to act as chaperone and will be in attendance at all the dances. It will be among her duties to attend to all the little requirements tending to the comfort and entertainment of the renter. As the strictest standards of courtesy and etiquette will be insisted upon by the management at all times.

WRESTLERS WILL BE GREETED BY THROGS

Indications Point to Large Crowd This Afternoon at Orpheum; Wentworth Referee.

This afternoon at 2 o'clock, the wrestling bouts will commence at the Orpheum. Every performer is in the pink of condition and there is not the slightest doubt that each wrestler will put up the contest of his career. McCormick, of Johnson, Addition, feels quite sure that he has the ability essential to slip something across on his more experienced opponent, Chrysler Goodrich, who has met many of the best boys in the last game.

Sufficient already has been said about Fletcher to show that he will be able to turn the trick on his opponent, Herfield. As has been said in these columns, the latter is conceding a lot in the matter of weight. In the preliminary, Ben Stompos will oppose Jack Burton. This bout will be a corker, if the claims of the rivals count for anything. Indications are that a record crowd will see all the matches.

Nat Wentworth, with Armstrong's Baby Dolls, has consented to referee.

MAIN STREET CHANGE MADE IN BUSINESS OF SEVERAL STORES

H. E. Wooten Starts Removal of "Uncle Sam's" Stock of Hardware to His Own Establishment on Main Street.

With the sale of the furniture fixtures and stock of the U. S. Hardware store by its owner "Uncle Sam", who in reality is Sam Rosenstein, to H. E. Wooten, one of the old time Main street business houses takes on a different aspect. Wooten is busy moving the fixtures and stock to his new location, just across the street from the Elks home.

The addition of a complete hardware department to his already large plumbing and heating establishment places Wooten in the front rank of like dealers in the Southwest. He has been engaged in the plumbing business here for several years and has met with great success. The present enlargement of both his plumbing stock and also the addition of a hardware supply department is a decided boost, not only for the hardware man himself, but the entire community.

"Uncle Sam", in the meantime, is looking for a buyer for his loan business. Until he secures one he will remain at his old stand on Main street. Rosenstein, who has not been in the best of health for several years, has been desirous of getting out of business for some time. When he sells the other department of his business Rosenstein intends to take a good, long rest.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. WHEAT IN AUSTRALIA

MELBOURNE, Oct. 30.—The Australian wheat crop will be far beyond any yield which the community has ever known. Appeals to farmers last spring to demonstrate their patriotism by increased acreage resulted in unusually extensive wheat sowing and it is now estimated that the community's yield this season will approximate or exceed 150,000,000 bushels.

SCHWEPPE SAYS WAY TO BOYS' HEARTS IS VIA STOMACHS

New Plan Tackles "Newsies" and Helps Them Sell Their Papers; Boys Make Good Money and Get Great Experience.

Circulation Manager Schweppe, of The Review, says that the way to a boy's heart is through his stomach. It has not been admitted that the early luncheon for the boys is prepared by a French chef but no one cognizant with the facts can doubt that the new plan of the circulation manager is a success.

The "newsies" come out early, often 100 early for breakfast, Mr. Schweppe says, and what could be nicer for them than a hot lunch? After partaking one of these delicious, steaming, hot lunches, they feel just like selling all the papers can turn out and it's a sure thing that they do sell many more papers.

The circulation of one of the largest weekly publications, that the experience gained by a boy in selling newspapers is of inestimable value in future years, as a business training, is doubtless true. Besides, the boys earn good money, sometimes as much as \$4 a day, right here in Bisbee.

It is rumored that the lunches are so tempting that a raid has been threatened by the "old boys" who are not "in on the deal." But only the own boys share in the "meal."

OLD TOMBSTONER IS CALLED; WAS PIONEER MINE OWNER IN CAMP

Captain Ben Cook, Eighty-three Years Old, Dies of Old Age; Camped With Discoverer of Famous Silver Camp.

TOMBSTONE, Oct. 30.—(Special)—Captain Ben Cook, one of the pioneers of Tombstone, died this afternoon and will be buried on Monday afternoon at 2 o'clock. The deceased was one of the early settlers of Tombstone and was one of the original locators of the Hub mine and Herschel mines in the district. He leaves two daughters to mourn his loss, Mrs. Willett Murphy, of Tombstone, and Mrs. Francis Bowman, of Los Angeles.

He had been sick for sometime and during the past few weeks had failed rapidly until the end came this afternoon. He was 83 years of age. He was a member of the Mason Lodge, who will conduct the funeral services.

Cook came to Arizona in the early seventies and was in the northern part of the territory before coming to Tombstone. He was an intimate friend of Ed Schaffelt, the discoverer of Tombstone and they camped in early days on the old site of the present town of Tombstone.

The many friends of the Captain will, no doubt, be sorry to learn of his death, although it was not unexpected.

AUTO STAGE LINES ARGUE AGAINST ANY INDEMNITY BONDING

Stage Lines Throughout State Do Not Want to Put up Any Bonds to Insure Safety of Their Passengers on Trips.

PHOENIX, Oct. 30.—Whether or not the companies operating auto stage lines through the various parts of the state shall be compelled to provide an indemnity bond making them responsible in the collection of damages for the injury or death of any of their passengers, is the question which was taken up yesterday afternoon at the meeting of the state corporation commission. Several weeks ago the commission issued an order calling on the companies to file such a bond, and set December 1 as the time when the order should become effective. A protest against the ruling was immediately filed by the various companies and the latter were given a hearing yesterday.

The auto owners contend that the order will be wholly unnecessary because of the fact that there has so far never been any fatal accidents during the time that the companies have operated. Whether the commission will

uphold them in this contention and reverse their former decision remains to be seen.

Another matter which was also considered at the meeting yesterday was the charge that the stage companies are in the habit of overloading their autos to a danger point, and also that they carry a large amount of baggage, which tends to increase the dangers to the passengers.

The stage operators claim that if they are prohibited from overloading their vehicles they will be compelled to quit business, as the regular carrying capacity of the autos will not furnish sufficient revenue to warrant the stages being operated. The commission will render a decision on these matters in a couple of weeks.

The Paris Chamber of Commerce has been authorized by the government to draw up a general list of debts and credits of French citizens outstanding in Germany and Austria, the information to be confidential and used only in international settlement of French credits in hostile countries.

William H. Caldwell of the Jackson Manufacturing Co., Nashua, intimates that if it could be shown that the Nashua operatives were paid less than those doing similar work in other cities, he might consider increasing their wages.

The tax on Turner's road bond fund will be \$1.04 per \$1.00.

Splendid Laxative for Elderly People

Has Been Prescribed by Well Known Physician for Many Years.

The infirmities of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. H. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachel Allen, Gatesburg, Kans., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin, wrote that it had done her a world of good and that she intends to keep it in the house always.

MRS. RACHEL ALLEN
Pepsin for fifty years a bottle. It is a splendid remedy and should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. H. Caldwell, 464 Washington St., Monticello, Ill.
